### CAREER OBJECTIVE

A passionate and dedicated web developer with hands-on experience in building full-stack applications using Laravel and React. Eager to apply technical skills and creative problem-solving abilities to contribute effectively to real-world projects in a collaborative environment.

### PROJECTS

#### Decor Vista

- **Tech Stack:** Laravel, Blade, MySQL
- **Description:** A dynamic eCommerce web application designed for a home décor business, featuring product filtering, cart-based ordering, and secure admin management for products, orders, and customers.

#### The Book

- **Tech Stack:** Laravel, MySQL
- **Description:** A responsive web platform enabling authors to register, manage, and publish their books, each with a dedicated detail page — designed for smooth interaction and content sharing.

#### Cloth Management System

- **Tech Stack:** Laravel, React, Inertia.js, MySQL
- **Description:** A full-stack inventory and billing system tailored for cloth wholesale businesses, featuring customer management, computerized billing, ledger tracking, and a dynamic admin dashboard for sales insights.

### EDUCATION

Advance Diploma in Software Engineering | Aptech Garden Center | 2022-2025

Intermediate in CS | Bahria College Karsaz | 2023-2025

### SKILLS

#### Tech Stack:

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind
- **Backend:** PHP, Laravel, MySQL
- **Tools:** Git, GitHub, Inertia.js, WordPress
